ABOUT US

ABOUT DIROTECH

Dirotech Electrical and Mining Supplies (Pty) Ltd was established and registered in November 2013 to service the South African industry and mining sector. Since those early beginnings, the business has grown from strength to strength and continually searches for new projects and products; leading the way in the supply of state of the art equipment and solutions. Create job opportunities for other people.

Currently Specialising in Equipment and Plan Hire.

Offering opportunities to previously disadvantaged individuals – to make a meaningful contribution and be empowered as such in the economic development process

MISSION

To provide our clients with specialized and cost effective related services while continuing to grow and expand our scope and location of our activities. Our short-term objective is to obtain more realizable contracts so as to maximize the optimum usage of our present resources.

Dirotech Electrical and Mining supplies (Pty) Ltd is to be the leading supplier in Africa.

To operate as a multi-disciplinary company in the construction economies of South Africa, and other select international markets.

To focus on continuous and sustainable top and bottom line growth.

To create a desirable place of work, being a natural home for creativity and enthusiasm, within a safe working environment.

OBJECTIVES

- To grow our client base and areas of operations as much as possible
- To always have the best interest of our clients and employees at heart
- Recognize the safety of staff because they are our best assets
- Provide exceptional returns
- Make sure we do not harm the environment
